US Application No. none given  
PCT No. PCT/AU98/00213  
"A BAND FILTER FOR LIQUID AND GAS PURIFICATION"  
Applicant: Peter Miller

On **28 August 2000** and in accord with PCT regulations the writer sent by recorded delivery an international patent application identified above for entry into the US national examination phase.

The completed necessary forms/documentation with fee instructions

- Transmittal letter (PTO 1390)
- Statement claiming small entity status (PTO SB 10)
- Fee Sheet
- Declaration (PTO/SB/01)
- PCT Specification
- First amended specification to conform with PTO formal requirements

were timely mailed with recorded delivery to the US Patent Office.

A complaint to the USPTO concerning non-response was mailed by recorded delivery on 5 September 2003.

Please investigate and let me know why this application has not been processed and why my complaint has been ignored.
